

Biogasregister Deutschland

Fee Schedule

Valid from 2024-09-20

System use fees shall be charged for utilization of the dena Biogasregister by a user. These charges shall be billed to the users by the Deutsche Energie-Agentur GmbH (dena) in its function as registrar. The table below provides an overview of the fees:

	Unit	Fee per unit *
Basic annual fee	Year	890,00 €
Booking-in	per booked-in kWh	0,00014 €
Booking-in/receipt of biomethane certificates within the import process	per transferred kWh	0,00014 €
Enlargement of master batches	per kWh enlargement	0,00014 €

*Plus statutory value added tax

The basic annual fee shall be levied at the beginning of the year in advance for the entire calendar year. In the case of a new registration the fee shall be levied in the full amount for the entire current calendar year, regardless of the registration date.

The booking-in fee shall be due for each biogas kWh (status "gray") booked into the dena Biogasregister.

In case of a transfer of biomethane certificates from a cooperating register a fee will be due at confirmation by the registered user for every received kWh biogas. The confirmation of the reception of the transfer quantity can be made either by E-Mail or due to an automated query in the software of the dena Biogasregister.

Enlargements of master batches (status "gray") shall also be billed on the basis of their enlargement amount. Both items shall be billed to the users quarterly.

All levied fees shall be due and payable within 14 days after the invoice is issued.
